

RED DAY CELEBRATION (PRE PRIMARY)

The Pre-Primary section of W.V.M celebrated Red Day in the school premises on 12th July 2024 with great enthusiasm and excitement. The event aimed to introduce young learners to the colour red, exploring its significance and versatility through various activities.

The children and their teachers came to school dressed in red outfits. A special assembly was organised on this occasion. An entertaining puppet show on Red Riding Hood was performed by the teachers. The tiny tots of LKG gave a foot tapping dance performance. The main objective of this celebration was to make the students identify red colour. Various activities like making of 3D Red apples by UKG, making of 3D Tulip flowers by LKG and sponge dabbing by Play House were conducted. The students were also shown various red coloured fruits, vegetables, flowers and objects.

The activities were aimed to develop fine motor skills through red-themed crafts and activities and thereby encouraging creativity and self-expression among students.

The Red Day celebration was a resounding success, providing an engaging and interactive platform for young learners to explore and learn about the colour red. The event showcased the school's commitment to creating a vibrant and stimulating environment.
